

FABRICATION LEAD

TBEI, Inc., a Minnesota based company, encompasses five leading manufacturers of dump truck bodies, hoists, and truck and trailer equipment. TBEI Inc is dedicated and driven to be the leader in the market.

We are currently hiring a variety of opportunities to support our customers' needs.

Career advancement opportunities are available for those wishing to advance!

Job Summary:

We are hiring for a day shift fabrication lead to train, guide, and work alongside fabrication team members to manufacture quality products. To accomplish this, the fabrication lead will become fluent in all aspects of the working area, including expectations related to working safely, producing quality product, meeting on time delivery commitments, providing training to new employees, and developing current employees to advance their skills. Equipment in the fabrication area includes different sizes of brake presses, plasma tanks, punch press, and laser. The ideal candidate will have a combination of formal leadership education, have proven experience leading & training others, and experience operating fabrication equipment. Ideal candidates will also be an active, reliable contributor to the team who strives for continuous improvement.

This individual will also become a back-up to the Supervisor. The regular schedule for this opportunity is Mondays thru Thursdays from 5:45am—4:15pm with overtime and flexibility as needed.

If you or someone you know would be a great fit for our growing company, applications are accepted online at www.TBEI.com or you're welcomed to visit us onsite!
